You are then ready to login and start to set up your searches, see the user guide **Simple Searches**. There is also a separate guide on how to make a comment against an application

Please note

1. This system does not know what applications you are interested in at the time of registration you need to set your search criteria to enable email notifications to be sent to you.
2. You can only register from an email address once. If you are a clerk for many parishes, you can set a different search for each parish.
