

Cotswold District Council - Street Name Plate Specification

Plates:

- Made of 11 gauge aluminium
- Minimum depth of plate = 150mm
- All plates to have a die pressed 12.5mm border in the colour of the lettering

Lettering & Crest:

- All characters will be die pressed, semi sheared KINDERSLEY style
- Cotswold crest located to left of name plate – use provided template
- Road name to be Black on White background
- Settlement name in Red 538 located to right of name plate below street name

Main Street names:

- 90mm characters, additional wording 50mm characters and / or 37mm Department for Transport characters as directed by the Council's Engineer
- Street name to be set centrally above vertical centre-line of plate
- Where specifically requested, reflective NO THROUGH ROAD SYMBOL (816.1) shall be provided to the ends of plates

Finish:

- High quality stove enamels

Frame & Stand:

- Where signs are to be free standing, they must be fixed and supported by purpose-made mild steel stands of angle iron frames tailor made to suit individual nameplates.
- Angle frame 40x40x5mm welded to galvanised steel 50x50x1525mm box legs with welded caps. Frame and legs painted RAL6020 Green.
- All supports to be a minimum 1.5m in length and erected so that the top of the sign is a maximum of 0.9m above the adjacent footpath level or as at the discretion of the Council's Engineer where ground or highway levels vary greatly

All costs for the erection of signs for new streets will be borne by the developer. Maintenance of the street signs becomes the Council's responsibility once a street has been adopted. Signs erected on roads remaining private, remain the responsibility of the residents or Management Company concerned.

The following company holds details of the specification: G & G Signs, 15 Foxholes Road, Off Golf Course Lane, Leicester, LE3 1TH Email: info@ggstreetnameplates.com Call: 0116 2544445
