R579	Chedworth	The Hemplands		Renewable energy	Not currently developable - not within or adjacent to one of the District's 17 Principal Settlements as identified by Local Plan Policy DSI
RURE20	Cherington	Land at Aston Down	#N/A	Housing	The site is not within or adjacent to a settlement identified as being sustainable within the Local Plan. Paragraph 170 of the Inspector's Report from the Stroud District Local Plan Examination (reference: PINS/C1625/429/5) states that "the site makes a significant contribution to the economy and employment land supply of the district, but it lies within the AONB, is remote from any major settlement, and has sustainability, accessibility and public transport shortcomings. The site was the subject of a planning appeal in 2009, which established a detailed planning regime for the site, strictly controlling the uses of land and existing buildings. Any future proposals for development, intensification or changes of use at this site would need to have regard

Ref.	Settlement	Address	Site Area (ha)	Proposal	Assessment
					to this planning decision, as well as the significant policy constraints which apply in this area, including its location in the AONB and accessibility issues". Cotswold District Council agree the Inspector's position that this is a key employment site on the edge of the district. However, the intensification of use here would not be suitable. In addition to the Inspector's comments, the part of Aston Down airfield that is within Cotswold District is the least developed and is largely used for wheat production. There are also biodiversity concerns, as old airfields often have unimproved grasslands. The airfield buildings are also considered to be non-designated heritage assets, which need to be conserved along with their settings.
R432	Chipping Campden (Broad Campden)	The Bathing Lake	0.77	Housing	Development complete
R434A	Chipping Campden (Broad Campden)	Briar Hill Farm Paddock	0.79	Housing	Not currently developable - not within or adjacent to one of the District's 17 Principal Settlement as identified by Local Plan Policy DSI

SD9E	Siddington	Barton Farm Buildings	0.72	Housing	Development complete
SD12	Siddington	Land at Siddington	4.58	Housing	Not currently developable - not within or adjacent to one of the District's 17 Principal Settlements as identified by Local Plan Policy DSI
SD13	Siddington	Land adjacent the Old Rectory	0.68	Housing	Not currently developable - not within or adjacent to one of the District's 17 Principal Settlements as identified by Local Plan Policy DSI
SD15	Siddington	Plummers Farm, east of Aston Road	3.17	60 homes	The submission includes around 3ha of land for residential development. A section of the former Midland and South Western Junction Railway, which stretches southwards from the southern boundary of the site towards South Cerney, has also been made available for a walking and cycling route. The Local Plan partial update is not seeking to allocate land in Non-Principal Settlements such as Siddington. However, a walking and cycling link could be a considerable planning benefit. The development proposal could potentially be delivered through a Neighbourhood Plan and could be given further consideration if there was a full review of the Local Plan.
SD16	Siddington	Land at Pound Close		Housing or any potential use	Not currently developable - not within or adjacent to one of the District's 17 Principal Settlements as identified by Local Plan Policy DSI
